What's in a Name?

To producers, the Armour trade mark is a badge of fair dealing and honest service. It means a ready cash market for farm livestock, milk and cream, and poultry and eggs—a buyer that rewards farmers for quality production.

To consumers the country over, the Armour label means quality foods—including fresh, cured, and canned meat... butter and cheese... and eggs and poultry.

To college graduates Armour offers many job possibilities in livestock buying, meat processing and sales—for the industry will endure as long as people farm and people eat.

AN INVITATION TO BECOME A MEMBER

The Eastern National Livestock Show, Inc., is composed mainly of people who are interested in livestock development in the eastern states in particular and agriculture in general. The fact that the Eastern National is extending its base of influence, necessitates a solicitation for increased membership to place it on a sound financial basis and assure its continuing success.

Particularly, every breeder and every business man who is located within the scope of influence of this Show should become a member of the Eastern National and help to support it. In fact, any friend of agriculture and the livestock industry should want to become identified with this great Show.

Therefore, if you have not already become a member of the Eastern National Livestock Show, Inc., we invite you to join with us in this worthwhile project and shall appreciate your check for \$25 to cover membership dues. We also solicit those who can afford to do so, to make as generous as possible subscription to its Sustaining Fund. Don't wait for a personal solicitation. Draw your check and send it to 86 Iglehart Building, Baltimore 2, Md., or if you are visiting the Show you can leave it at the Show office.

I know that it will be a source of real satisfaction to you to be associated with this show, and needless to say, we shall appreciate your support very much.

W. F. Schluderberg, General Chairman

Fertilize Your Pastures Now With

DAVCO GRANULATED

PRODUCE HEALTHIER,

MORE PROFITABLE LIVESTOCK

By fertilizing your pastures now, you hurry up the early bite of mineral-rich grasses. You'll be able to save costly barn feeding by getting your livestock out of the barn up to three weeks earlier this Spring and keeping them out weeks later in the Fall.

By using Davco Granulated, you make the job a lot easier on yourself too. You see, Davco is put through a special granulating process that forms it into porous individually-hardened particles. So, dusting and caking are a headache you can forget—because Davco Granulated slides “free and easy” through the drill and stays right where you put it. Every part of the pasture gets just the right amount of the right fertilizer—Davco Granulated.
